For installation to Extreme Management Center, follow the Extreme Management Center instructions to install firmware via the Inventory Manager.

## FIRMWARE CHANGES AND ENHANCEMENTS:

### Changes and Enhancements in 3.0.34.65

Fixes issue for X590 switches connecting to Extreme Cloud on earlier switches. To verify if Cloud Connector is needed:

- 1) the X590 is managed by Extreme.
- 2) the EXOS 'show version' command does not show the Cloud Connector 3.0.34.65 module

For all other switches managed by Extreme Management Center using the ZTP+ feature, install Cloud Connector using the Extreme Management Center Inventory Manager.
